MOTORCYCLE RACES IN DIXON JULY 4TH COME EARLY AND STAY LATE

ROUTE FOR MOTOR CYCLE RACE LAID OUT; CASH PRIZES

WILL BE FOURTEEN MILE ROAD RACE, WITH START AND FINISH HERE.

ENTRIES SHOULD BE MADE

Those wishing to take part in race should see committee—To Go Out Chicago Road and Back Franklin Road—Is Smooth Course.

The Motorcycle committee of the Fourth of July in Dixon has been getting busy and have mapped out a route for the big motorcycle road race which will occur here on the morning of that day (which, by the way, is to be about the biggest day Dixon has seen for many years) to start out probably at 9 o'clock for about a 14 mile cross country run, starting and finishing in this city, where all can see.

The committee plans to start the speed bugs off at the corner of Galena avenue and Third street, down the long hill, and they will go out Galena avenue to Seventh street, east on Seventh to the Chicago road, out the Chicago road to the six-mile corner, east on a cross-road to the Franklin Grove road and back into Dixon via Seventh street and Galena avenue as before, finishing at the corner of Third and Galena, at the top of the hill, where the control will be good and there will be no danger of accident.

The streets will be policed and the race course kept clear and the riders will be numbered so that a checker, who will be placed at the six-mile post on the Chicago road and one at Nachusa, will be able to keep track of the racers, no rider not passing both of these checkers being admitted to the money.

Cash Prizes.

The prizes, which will all be cash, are as follows: The winner gets \$7 and 50 per cent of the entrance fees; second man in gets \$3 and 30 per cent of the entrance fees, and third prize is \$2 and 20 per cent of the entrance money. The entrance fees will be \$1 per motorcycle, and as there will be a big list of entries the percentage of the entrance money will be the biggest end of the prize. All riders wishing to take part in the race should see George Shaw, at the Telegraph office, to whom the entrance fee should be paid.

HELD FUNERAL OF MRS HENRY STARY MONDAY

FORMER DIXON LADY WAS LAID TO REST IN BEAUTIFUL HOLLYWOOD CEMETERY.

The following telegram was received at this office today regarding the death of Mrs. Henry Stary in Los Angeles on June 20th, of which mention was made in Monday's Telegraph:

Los Angeles, Cal., June 24—Special to Telegraph—Mira Crawford Stary was born Oct. 2, 1837, at Akron, O., where she spent her early girlhood. At the age of 15 she removed with her parents to Dixon, Ill. On March 3, 1863, she was married to Henry Stary. Two children were born to this union: Harry C. and Nelson Lee. She made her home in Dixon until three years ago, when she went with her husband to make her home in Los Angeles with her son. She is survived by her husband and one son, Nelson Lee of Los Angeles. She was buried Monday, June 23, in Hollywood cemetery at Hollywood, a beautiful suburb of Los Angeles.

The above is the brief story of a sweet and noble life of devotion and goodness. Mrs. Stary was a lady of beautiful character and her friends in Dixon and in the Bend, where they lived for many years, feel that they have suffered a great loss.

The sympathy of the community is extended to the sorrowing husband and in the western land, and son in the western land.

Of Comedy Acrobats Who Will Help to Entertain Dixon Visitor July Fourth with Continuous Free Vaudeville Acts on Open Air Platforms, Built on the Street Corners.

WILL PROSECUTE ALL PREMATURE SHOOTING

POLICE ARE INSTRUCTED TO ENFORCE FIREWORKS ORDINANCE RIGIDLY.

Commissioner M. J. Gannon of the department of public health and safety, has issued a bulletin, warning violators of the fireworks ordinance that all offenses will be prosecuted and punished this year, especially in the matter of premature celebrating. The commissioner has issued orders to the police to arrest and fine all who discharge fireworks of any kind before the Fourth.

He calls attention to the ordinance providing for the sale of fireworks, the ordinance reading: "It shall be unlawful for any person to have in his possession, to sell or to offer for sale, any fire cracker having a greater length than four and one-half inches or a greater diameter than three-fourths of an inch. Any person violating any of the provisions of this section shall be subject to a fine of not less than five dollars nor more than twenty-five dollars for each offense."

STEEL PARTITION AT SCHWEINSBERG BUILDING

The patent steel partition for the Justus Schweinsberg building arrived today and will be put up at once. It is now thought the building can be completed and ready for occupancy in about two weeks.

JAMES KETCHIN WILL TRAIN A TARANTULA

A large tarantula was captured today in a bunch of bananas at Hoon & Hall's grocery in North Dixon and the "beast" is now being kept captive. James Ketchin, the versatile young man who attends to the wants of Eli's customers, will endeavor to train it to write the ball scores and do many other helpful little errands about the house.

A GOOD INVESTMENT—FOR HIM.

Secretary E. B. Raymond of the Dixon Citizens' Association, has received a letter from a Michigan promoter asking information regarding the advisability of establishing an auto truck factory in this city. The would-be promoter claims to have a good proposition and asks that the citizens of Dixon subscribe for \$100,000 of preferred stock in his company, for which he proposes to come to this city.

However, the directors of the association are not making any undue haste in their efforts to raise that \$100,000, for it is believed there are plenty of good mechanics in Dixon who could successfully start an auto truck factory if someone would put up the \$100,000.

NO CONCERT.

There will be no band concert this week as the Marine band goes to Amboy tomorrow to play at the races.

WANT EVERY AUTO IN BIG NIGHT PARADE

COMMITTEE WISHES TO MAKE COMING EVENT FEATURE OF THE DAY.

The committee in charge of the auto parade, which will be an evening feature of the Fourth of July celebration here, has practically completed all arrangements for the event and it is urged that every auto owner in the city and vicinity help to make this detail one of interest by "getting into the game."

Cash prizes will be offered for the best decorated machines and every owner will be asked personally or by letter between the present time and Independence day, to take part in the parade.

LYONS PLAYERS RENIG.

Manager Ned Whitebread of the Dixon Stars yesterday afternoon received a letter from the management of the Lyons Merchants, which had been booked to appear here Sunday afternoon, in which the Lyons men cancelled the game without giving any reason. The unbusinesslike way in which the Lyons team behaved in this matter is especially disgusting to the Stars, in that the advertising had been started for the game. An effort will be made to secure some other team for a game here on Sunday.

ROLLER BROKE SHOWCASE.

A heavy cast iron roller fell from the roller at the Boynton-Richards clothing store this morning and broke the heavy plate glass showcase in front of the store. Fortunately no one was near at the time of the accident.

SOUTH SIDE SCHOOL CENSUS SHOWS GROWTH

The figures of the south side school census which has been completed by Wm. Jacobus show an increase over last year. There are 842 males and 951 females under the age of 21, the total being 1795. The district has 477 children under the age of six, 237 of them being boys and 240 girls.

NATHAN UNDERWOOD DIED AT FALL RIVER

PIONEER MILLER ANSWERED LAST CALL AT HOME OF HIS DAUGHTER.

BURIAL HERE FRIDAY P. M.

Remains Will Be Taken Directly to Oakwood Cemetery From the Train.

Nathan Underwood, a former resident of Dixon, and one of the first men to make extensive improvements in the milling business on the local water power, died at the home of his daughter, Mrs. James H. Swift, of Fall River, Mass., last night, news of his passing being received this morning in a telegram received by Janice N. Sterling.

Remains of the aged gentleman will be brought to Dixon for interment, arriving here Friday at 3:34 p. m. via the Northwestern, and the funeral cortege will proceed directly from the depot to the grave at Oakwood cemetery.

While Mr. Underwood was not the first miller in the city, he was the first one to realize the value of the water power here and he and his partner, under the firm name of Becker & Underwood, made the Dixon mills the most extensive in this section of the country and the industry the largest in Dixon.

The first Dixon mill was erected by James Daley and stood on the foundation on which the Illinois Northern Utilities company's power house now rests. At that time, however, there was no tail race and the water was taken directly to the wheels from the pond above the dam. The mill was purchased in a few years by Horton Goffrey, who later sold to Becker & Underwood.

These two gentlemen commenced enlarging the business until in a few years several large flour and grist mills were running to full capacity. Because the belt line had not been constructed at that time a constant line of teams was employed between the mills and the Northwestern and Illinois Central depots, hauling wheat and other grains from the cars to the mills, and the ground floor back to the trains for shipment.

The two proprietors prospered and Mr. Underwood erected his first home in Dixon at the southwest corner of Galena avenue and Fellows street, after which he purchased the ground across the street north within a few years, where he built the fine home now occupied by Mrs. Cummings. A disastrous fire, entailing a loss of over \$75,000, blighted the firm's enormous business here and the mills were never re-opened.

Of late Mr. Underwood, who will be remembered and honored by many Dixonites, has been residing in the east, but he had frequently visited this city and on each visit here was heartily greeted by many friends who will now tender sincere sympathy to the bereaved children: E. C. of Minneapolis; Harry of Hutchinson, Kas.; Leonard of Seattle; Lawrence of Pittsburg, Pa., and Mrs. Olive Swift, at whose home he died. Mrs. Underwood preceded him in death a few years ago.

HAVE BABY GIRL.

Born to Mr. and Mrs. Paul Pett, an eight-pound baby girl at the home of her mother. Mother and baby are doing nicely.

DR. LESAGE TO BUILD.

Ground was broken yesterday by Contractor Greig for Dr. Lesage's new residence on E. Fellows street. The new home, when completed, will be one of the most modern and convenient in North Dixon.

DEVINE HAS MADE VERY GOOD RECORD

VOTED FOR IMPORTANT MEASURES IN THE STATE LEGISLATURE.

STOOD FOR ALL THE PEOPLE

His Record Considered Exceptionally Fine for One Serving His First Term.

Representative John P. Devine has just completed his first session in the legislature. A study of the measures he has voted for shows that he has been constantly active in the interests of the reforms demanded by the people of the district and has been a staunch supporter of Gov. Dunne's program of progressive legislation.

Voted for Important Measures.

Among the important measures he voted for were the direct election of U. S. senators, the Tice Hard Roads bill, the Widow's Pension fund, the new epileptic hospital, women's suffrage, the bill providing for a semi-monthly payment of wages to employees, the initiative and referendum, the tax commission which would do away with the present board of equalization, the public utilities measure, the creation of an agricultural demonstration department in the University of Illinois for the purpose of doing more effective work for the soil of the state, and the women's pension fund.

Against Salary Grab

He voted against a number of the measures of doubtful benefit to taxpayers of the state including the salary grab that was intended to raise the salary of the members of the legislature from \$2000 to \$3500.

Mr. Devine was also one of the 77 members who signed the petition the last day of the session asking Speaker McKinley to place the anti-nepotism bill, which had passed the senate, on the House calendar. Had the bill been placed on the calendar these 77 votes would have been enough to have passed it.

LICENSED TO WED

Marriage licenses were issued today to Robert R. Burch of Kewanee and Miss Katherine M. O'Connell of Dixon; J. Robert Eyer and Miss Clara M. Mueller, both of Dixon, and Charles Lee Lambert of Eldert and Miss Coral J. Warner of Grand Detour.

SEVERAL PLANS FOR NEW N. D. BUILDING

BUILDING COMMITTEE OF BOARD IS STUDYING SEVERAL SCHEMES.

The building committee of North Dixon board of education is at work with architects conferring regarding plans for the new building which is to be erected in Loveland Place. Two rough plans, which meet their approval, have been submitted, but will have to be altered considerably to keep the structure within the \$6000 which Mr. Loveland has offered to loan to the board. The building committee is composed of Messrs. Hayden, Parsons and Long.

MAKING MOVING PICTURE MACHINE ROOM FIREPROOF

Acting under suggestions by Deputy Fire Marshal Harper on his visit to Dixon yesterday, the proprietors of the moving picture shows are making alterations in the arrangement of the booths in which their picture machines are located to comply with the requirements of the state law. The law provides that all such booths be absolutely fireproof and accordingly the local theatres are having their booths lined with asbestos.

HARD ROADS MEETING

All those interested are requested by Chairman Gilbert of the committee to make an effort to attend the meeting in Rochelle tomorrow for the purpose of furthering the good roads project.

YOUNG MAN RELEASED AFTER SERIOUS CHARGE

Wilbert Moeller, a young fellow who was arrested charged with the theft of eggs from Nathan Hill, was released when arraigned before Justice Hanneken today, there being no evidence to show him guilty of the charge.

JEALOUS HUSBAND EN- DANGERS EIGHT LIVES

Chicago, June 25—Special to Telegraph—Eight persons, five of them children, barely escaped with their lives when Charles M. Sawyer, a jealous husband, turned on the gas at his home in an effort to kill his wife.

MANY DIXONITES TO ATTEND AMBOY RACES

A large number of Dixonites will go to Amboy tomorrow to attend the races, and if the weather remains fair a very large crowd may be expected in the little city. The race program promises some interesting sports and the Amboyites have always been known as good entertainers.

ELECTRICAL FIXTURES BADLY DAMAGED

Considerable valuable electrical fixtures were badly damaged at the H. L. Dollahan & Co. store on First street last night when a large ceiling hook, on which they had been suspended, pulled out, allowing the fixtures to fall. The metal was badly bent, while all of the high priced globes and shades were broken.

OTTO WITZLEB WAS IN LEE CENTER TODAY.

When the item appeared in the Star recently relative to activity in the Bitter Root Valley lands, in which Rockford capital was interested, plans for the new stock company were not ready for publication. Since that time the Smississippi Farm & Orchards company has been organized with \$125,000 capital. This company, composed mainly of Rockford men, offers a more advantageous plan for the investor than any heretofore presented. In fact the new company is formed to take care of investors of any size who want to share in the Bitter Root fruit and farming profits.

THE INCORPORATORS OF THE COMPANY ARE:

E. L. Thayer, Alexander McLaren, B. H. Garrett, H. J. Collins, F. A. Schlick and E. F. O'Connor, of Rockford, Ill.; E. O. Branch, Rochelle, Ill.; H. W. Dysart, Belvidere, Ill., and State Senator B. F. Downing of Dixon, Ill.

These men are not in any sense promoters. There is no promotion stock in the deal in any way, according to E. A. Schlick, who has been instrumental in getting the company up to its present stage.

After looking over the Bitter Root either by themselves or as members of the various committees which have visited the valley, these men decided that a stock company was the best plan for financing and operating the project.

They have purchased 640 acres of the finest fruit and farm land to be secured in the valley, 320 acres of which are to be planted to cherries, pears, apples and varieties of fancy fruits. A large dairy and hog ranch will be established and the remainder of the land will be given over to general farming.

The land selected is believed to be in the most desirable part of the valley adjoining the large tract of the Rockford Orchards company which is owned by prominent business men of Rockford, and which company already has a substantial set of buildings finished and the tract is planted and the improvements are of the most permanent character.

Aside from the stock purchased for cash at par by the organizers and pioneers in the enterprise, a portion of it will be sold at par to further the development.

It is likely that many will be anxious to know about the investment and information will be given by any of the officers or Mr. Schlick, who has become an expert on irrigated lands.

The new plan gives the investor the benefits of cooperative farming on a large scale under capable management, favorable climatic conditions and in territory of proven value. Were it not for the organization of such a company, the small investor would be denied the advantages of the Bitter Root soil and climate.

The plan is similar to other companies organized for the same purpose, operating in other parts of the country. There are several of them composed of Rockford people, so the idea is not in any way new or strange to the men who have been prominent in this undertaking.

A little study into the farm as an investment, for those who are engaged in other business, will reveal the necessity for an organization of this kind. The economies of the cooperation plan are such as to give it preference over any other. It insures actual and capable supervision, good business management, a chance to get the best prices for its products and pay the right price for what it buys. The small investor gets a profit off of the large investor's enterprise and an equal share with all.

Double Birthday Surprise

Sterling Standard—Twenty of the relatives of Bert Woodyatt gathered at his home Sunday on Sixth avenue and gave him a pleasant surprise, the occasion being his birthday. The day was spent in music and having a social time. At noon a sumptuous scramble dinner was served.

Mr. Woodyatt was presented with a beautiful set of dishes in remembrance of the day. Four generations were present in the persons of Mrs. E. H. Joynt, William Joynt, Mrs. Cora Johnson and daughter Lucile.

The guests returned to their homes in the early evening, all wishing Mr. Woodyatt many more such happy events. The following guests from out of town were present—Mr. and Mrs. William Joynt and daughter Avis, and Mrs. E. H. Joynt of Dixon, and Mrs. John Johnson and two children of Chicago.

Mr. Woodyatt was the honored guest at another surprise last evening when his fellow workmen of the Steam Bakery walked in on him. After recovering from the second surprise he soon made his guests feel at home. After spending several hours socially Mr. Woodyatt was presented with a beautiful rocker.

Refreshments were served and it was a late hour before the guests departed for their homes. All voted a most pleasant time and wished Mr. Woodyatt many more happy birthdays.

No Artists' Colony

Charles Francis Browne of Chicago has notified Grand Detour and Oregon people that this year he will not bring a party of artists to the summer resorts adjacent to Dixon this year, as he is going to Europe. Many will be disappointed at this bit of information for every year for some time the artists have been coming from Chicago to take advantage of the beautiful scenery along the Rock and sketch Nature's most gracious mood, revealed in the softly rolling, undulating hills, and woods of darkest, richest green. The artists also caught much good fish along the Rock, and in fact, enjoyed every day spent at Grand Detour and Oregon. It is hoped that some of the artists will come under the supervision of some other instructor, and enjoy the usual happy time.

Visiting Mrs. Gonnerman.

Mrs. J. R. Isdell of Chicago is the guest of Mrs. Chas. Gonnerman and other relatives.

Married Today.

Miss Bessie, daughter of Mr. and Mrs. T. L. Eastman of South Dixon, and Pearl Pelton of Dixon were united in marriage at 10 a. m. today at the parsonage of the Evangelical church by Rev. Geo. Smith. The bride was becomingly gowned in tan voile, trimmed in pink. After the ceremony Mr. and Mrs. Pelton went to Chicago for a short wedding trip and on their return will be at home to their many friends in Dixon. Both are popular young people.

Burch-O'Connell.

Miss Katherine O'Connell of this city and Robert Romanus Burch of Kewanee were united in marriage at high noon today at St. Patrick's church, Father Michael Foley officiating at the ceremony and using

the ring service.

It was a very pretty and impressive wedding. Miss Mary Bresnahan played Lohengrin's Wedding March, just as the bridal party entered and during the ceremony Harry Hogan, a cousin of the bride, sang beautifully, "Mary at Thine Altar."

The bride made a charming picture in her gown of white embroidered voile, trimmed in lace and pearls. She carried bride's roses. Miss Mae O'Connell was bridesmaid and wore white marquisette and carried pink roses. They wore charming fancy lace boudoir taps corresponding with their gowns and trimmed with wreaths.

The groom was attended by his friend, Peter Van Coutren of Kewanee.

After the ceremony, at the home of the bride's aunt, Mrs. S. A. Boyer, a wedding dinner in three courses was served. Mrs. Yarrick Moore catered. The decorations in the dining room were of green and white, with pink and white roses, festoons of green and white and ferns being used.

This afternoon at 4 o'clock Mr. and Mrs. Burch left for Chicago to spend some time. The bride's traveling suit was blue, with hat and gloves encoosume.

After August 3rd Mr. and Mrs. Burch will be at home to their many friends at 504 Rockwell street, Kewanee.

The bride has been royally entertained by her friends since the announcement of her engagement and the esteem in which the young couple are held was signified by the array of beautiful wedding gifts.

Mr. Burch is a machinist in the National Tool company works in Kewanee. It was at Kewanee that Miss O'Connell met Mr. Burch, while holding a position as trimmer in a millinery establishment.

The best wishes of hosts of friends are extended the newly married young couple and congratulations will follow them to their new home.

Eyler-Mueller.

Late this afternoon Miss Clara Mueller, daughter of Mr. and Mrs. Gustav Mueller, and J. Robert Eyler were united in marriage.

Ice Cream Social.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, and endorsed proposals for the furnishing of the labor and materials for the construction of Vitrified Tile Pipe Sewer with manholes and house connection laterals in East First Street from the manhole in Crawford Avenue to a point 225 feet east of Crawford Avenue and from the manhole in Crawford Avenue to a point 225 feet west of Crawford Avenue, in the City of Dixon, in the County of Lee and State of Illinois, as provided for in Local Improvement Ordinance No. 148, Series of 1913, of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's Office of said City of Dixon, until two o'clock in the afternoon on Tuesday, the 8th day of July, A. D. 1913, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at two o'clock in the afternoon on said day. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours above referred to said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is the construction of about 552 cubic yards of excavation and backfill; about 308 linear feet of 6" laterals; about 520 linear feet of 8" sewer pipe; two manholes, 3 feet inside, with cast iron covers and iron steps inside, complete, as provided for in Local Improvement Ordinance No. 148, Series of 1913, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until all the bids have been canvassed and contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of One Thousand (1,000) Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office. The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per cent. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file with the Secretary of the Board of Local Improvements and may be seen at the office of the City Clerk of the City of Dixon, and are also on file in the Mayor's Office of said City.

The Council and the Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, June 25, 1913.

Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

DEMENTTOWN

...DOINGS

Get ready to celebrate—the time is short. And don't forget to let all of your friends living in this neck of the woods know that there is a celebration here.

Incidentally—to pass for a moment from the fun of life,—the Avenue will miss Joe Vaile, and will remember him for his goodness and friendliness.

Some Soup

The following comes from Sterling. The chef of a well known club in that city prepared a bean soup Sunday afternoon which it was thought, would meet the approval of every member of said club and it did. One and all went to that soup as if they had not eaten for at least 24 hours. And then they went out and told their friends about it. The result was that the chef got all chesty about his cooking and the club rooms commenced to fill up with hungry fellows who wanted soup.

And in about half an hour the storm broke. The cook was bawled out because the beans in the soup were not done. And he couldn't explain it so he turned up the gas. The kitchen continued. The chef was in a terrible quandary for not an hour before everybody had praised his soup. After he had been called everything under the sun, and had been abused most shamefully he investigated and he found—

That while his back had been turned, someone had dumped about half a pound of salted peanuts in the soup.

Goose Hollow Letter

Some unprincipled apology for a human being has broken into our woodshed and stolen our axe. Our wife missed it when she went out to get it for the purpose of chopping off enough wood to get dinner. It was a mean trick, for she had to finally hack the wood up with our razor, the same one she uses for opening

cans of oysters and scraping the rust off the top of the kitchen range. What is home without an axe? It is like a ship without a rudder or a peacock without a tail. It is just as indispensable as the chimney on the house. While we are minus an axe, book agents, bill collectors and life insurance agents can call with impunity or without it, just as they like. We also used our axe to peel onions, spread sandwiches and turn pancakes, crack ice, open clams, so the reader can readily understand our great loss. Will the gentleman who stole our axe please return it by Saturday, as the man who collects the installments on our phonograph calls that day, and we are desirous of coming to an amicable agreement with him, which we are sure we can do if we have the axe.

Halpin Box.

One may obtain the most charming box and at once the most useful halpin box which has been shown for many a day. It is made entirely of dark tortois shell and stands about three inches high and five inches long. The little top opens to hold one size hairpins, and, without closing this, there may be opened at the same time two lower trays, in the manner of bureau drawers. It will distinctly appeal to the woman who must dress in a hurry and for whom attractive toilet articles have a strong claim.

Paint Pot Banished From Japan.

The paint pot is practically banished from Japan. That is the first thing you notice as you approach the coast; for the first adventurous fishing boat you pass is built, it would seem, of about half a dozen broad, unpainted deal planks. So with the sampans that cluster round your ship as soon as the anchor is dropped; they are all nature-colored, undecorated, and undressed by a single lick of the paint brush. So with the houses of the first Japanese street you enter, they are weathered to the silver-gray of unpainted pine. Such color as there is proceeds from the innumerable strips of calico, inscribed with huge hieroglyphs, which flap perpendicularly or horizontally before every house.

IRA COOPER.

Ira Cooper died at his home in Steward Friday evening, June 20th. The funeral services were held at the home, Rev. Nazarene of Earlville officiating. Burial at the Steward cemetery Monday, the 23rd.

Mr. Cooper is survived by his wife and nine children. They are: Mrs. Mattie Gooch, Ellsworth, Minn.; Linn A., Aurora; Mrs. Stella Carpenter, Mrs. May Gibson, Rochelle; Miss Eva Cooper, Steward; John, Marengo; Ira L., Edward H., Mrs. Ella E. Rowley, Steward.

Mr. Cooper was the youngest of six children, two sisters, Mrs. Kate Dunn, Alexandria, S. D., and Mrs. James A. Smith, Steward, surviving him.

Ira Cooper was the son of Garrett and Sarah Cooper and was born at New Poundland, N. J., Aug. 28, 1840. His age was 72 years, 9 months, 22 days. He came to the vicinity of Steward when 17 years of age Jan. 23rd, 1864, he was united in marriage to Miss Sarah E. Mitten of Hardeston, N. J. Of this union nine children were born, six of whom survive him. On Sept. 22, 1879, Sarah, his wife, died.

Sept. 11, 1882, he was united in marriage with Miss Carrie V. Lindsay of Orange, N. J. Of this union three children are living.

Mr. Cooper was a man of integrity. His life was one of achievement. He was a devoted husband and father, but all knew him as a man—and as a man his friends shall always love to remember him.

KING EDWARD AS A 'DRUMMER'

England Had No Better Traveling Salesman Than He, According to Biographer.

King Edward VII. of England created a new type of monarch. Edward protected and enlarged the nation's resources. There was not in the whole United Kingdom a more industrious commercial traveler or a better merchant. He only wore the crown when it was absolutely necessary. He had mingled with men of all classes and professions, had had experiences to which crown princes are not usually exposed, had been on familiar terms with financiers and captains of industry, and had learned to look on the world with the eye of a comfortable gentleman. He was quickly at home everywhere. Whether he had to deal with the self-controlled Alexander or his volatile son, with Indian princes or Yankees, with the fiery Delcasse or the witty Clemenceau, he always struck the right note.

He was a lucky man. He enjoyed life from the day he left the nursery. Englishmen did not mind that. They would not have liked a morose and stingy monarch. Prince Bertie, who ate well, drank well, did well at the derby, at the tables, and settled the fashion of the season, was the man for them. It did not seem to them a serious misfortune that he was hostile to Bismarck, and at times went a little too far with shady people. He always drew his head out of the noose in time, and then gave England occasion for another chuckle.—From a Biographical Sketch by Maximilian Harden.

WILL CHANGE RATES

Missouri Lines Not to Await Mandate of Court.

Attorneys Declare New Tariffs on Both Passenger and Freight Will Be Made July 1.

Kansas City, Mo., June 25.—Railroads in Missouri affected by the recent decision of the United States Supreme court upholding the Missouri two-cent passenger and maximum freight rate laws will, without waiting for the mandate of the Supreme court, put the new rates in force "at the earliest practical date," according to an announcement by attorneys representing the railroads, after a meeting here.

The attorneys, who represented 13 railroads concerned, further determined to notify J. M. Atkinson, chairman of the Missouri public service commission, of their desire to meet the commission as soon as possible to formulate a method of placing the rates in operation and fixing the date when they shall be effective.

The attorneys said the new rates, both passenger and freight, probably would be in effect by July 1.

St. Paul, Minn., June 25.—Representatives of various railroads of Minnesota interested in the United States Supreme court's decision upholding the validity of the Minnesota rate law met with the state railway and warehouse commission to discuss further plans concerning the payment of rebates ordered by the court. It is said the railroads will put the rates ordered into effect about July 15.

NOTED SONS OF MINISTERS

On Every Line They Have Been Widely Known in Public Life in America.

It is probable that ministers' sons have exerted more influence in the United States than in any other country. Among teachers, lawyers, doctors, scientists, men of business and in the church there are a great host who have been the sons of ministers. Of the more notable men in our history who were sons of ministers we find in political life Cleveland, Clay, Buchanan, Arthur, Quay, Morton, Beveridge, Hughes and Dilliver; among jurists, Field and Brewer; among educators, Woodrow Wilson, Faunce, James, Carroll, Lunsbury; in history and literature, Sloan, Parkman, Bancroft, Holmes, Emerson, Henry James, Lowell, Gilder, Van Dyke; in invention and science, Cyrus W. Field, Samuel F. Morse and Agassiz; in the church, Beecher, Alexander, Hodge, Abbott, Potter, Jonathan Edwards; in philosophy, James.

In the Hall of Fame 51 famous Americans are honored. Of these 51 ten are the children of ministers: Agassiz, Beecher, Harriet Beecher Stowe, Henry Clay, Jonathan Edwards, Emerson, Lowell, Morse, Bancroft and Holmes.—Popular Science Monthly.

Clay Work for the Children.

When it is raining or snowing some Saturday morning and the children can't go out, nothing will stop the riot so quickly as a bunch of clay for modeling, the Kansas Industrialist observes. It is much like mud pies, but cleaner, and the children will leave a box of chocolates to get at it. A little practice will soon enable them to make many things.

The best clay can be procured in the form of a white powder, costing from two to four cents a pound. The rough clay, directly from the works, can be bought by the barrel at two cents or a little less a pound. It is best to let the material remain as powder until one or two days before using. Then pour water over as much as it is desired to use. Stir it occasionally. A small portion may be kept ready for use if watched to prevent drying.

A specially prepared oiled clay can be bought for 35 cents a pound. It comes in colors and is always ready for use.

ASKS LARGER U. S. NAVY

Dewey Says Fighting Strength Will Preserve Peace.

Washington, June 25.—An adequate American navy means a fleet second only to that of Great Britain, and "inadequacy is an invitation to war," in the opinion of Admiral Dewey, ranking naval officer of the United States. "I believe it is the duty of each generation to pay its own insurance and not to thrust its burdens on the generations that come after; and the insurance for peace is a navy strong enough to compel it," says the admiral in an article written for the program for Navy day at Newport, R. I., July 2, and just made public. "The only function and justification for the existence of a navy is the preservation of peace. To perform this function the navy must be adequate."

ASKS QUIZ ON PRISON GOODS

Congressman Buchanan Wants Investigation of Government Purchases.

Washington, June 25.—A resolution calling for a report on the extent of the purchases of the government of prison-made articles has been introduced by Representative Buchanan of Chicago. The resolution recites that congress has prohibited the importation of prison-made goods, but that the federal government, through its several departments, continues to be the principal customer for contract labor products. It calls upon the secretaries of the several departments to communicate to the house reports showing what contracts are now open for the purchase of prison-made goods and also a statement of such purchases in past years.

Loved for His Infirmary.

A case where bodily and not moral weakness brought happiness was that of Sergt. Thomas Plunkett of the Twenty-first Massachusetts regiment during the Civil war. In a charge at Fredericksburg the color bearer was among the first to fall. Seizing the flag Sergeant Plunkett bore it almost over the ramparts, where he fell with both arms shot away.

When the news was carried to his sweetheart, so the story goes, she protested that she could never marry him. "Then I'll be proud to," declared her sister. They were married as soon as he recovered. He was voted a medal by congress and made a messenger in the Massachusetts state house, where he served for many years.

City In Brief

Mrs. A. J. McDougal of Chicago is the guest of her friends, the Robert Anderson family, at their home, 812 Third street.

Mrs. Charles A. Buyers and Miss Mary Buyers of Sterling were guests of Mrs. John H. Byers today.

Ed Barth has been called to Minneapolis by the serious illness of his son Charles.

Dramatic Notes

FAMILY THEATRE

Knight & Moore with their special scenery, and Sam Gilder, minstrel man, will conclude their engagement tonight. Both acts proved to be winners as the attendance has been the largest of any show during the year. The program for the last half of the week is even stronger. Among the attractions are Rudolph & Lena, a Tyrolean singing, dancing and whistling act with special costumes, only recently imported from Europe, and Burns, Brown & Burns, the best comedy bar act on the vaudeville stage.

wedding took place, Rev. Fred D. Stone solemnizing the ceremony which united the lives of Miss Coral Warner of Grand Detour and Lee Lambert of Eldena.

The bride was beautifully gowned in white messaline trimmed with lace. She wore a graceful picture hat with white plumes and carried bride's roses.

The couple were attended by Miss Pearl Jones and Lyle Lambert. Miss Jones was beautifully gowned in pink and she carried pink roses and also wore a picture hat. The young couple left for a wedding trip followed by the best wishes of scores of warm friends, for both are very popular young people. Miss Warner received

a large number of costly and beautiful presents at several showers given in her honor prior to her wedding and attested the high regard in which she and Mr. Lambert are held.

"Doing the Trick."

Kean played Brutus to his son's Titus in "Brutus, or the Fall of Tarquin." As may be imagined, the benefit was a bumper. There was over \$1,500 in the house. Kean, invigorated and strengthened by his holiday, played magnificently; Charles supported him extremely well, and Kean's delivery on his son's neck of the lines, "Pity thy wretched father," stirred the audience to their very depths. There was not a dry eye in the house, the applause was frantic, and Kean whispered to his son, "We are doing the trick, Charles!" —From Armstrong's Century of Actors.

NATIONAL BISCUIT COMPANY

EDDIE CAMPI WINS DECISION

Outpoints Charles Le Doux, the Frenchman, in Fast 20-Round Bout. Los Angeles, Cal., June 25.—Eddie Campi of San Francisco was awarded the decision over Charles Le Doux, the Frenchman, after 20 rounds of fast and hard fighting in the arena at Vernon last night. The Californian was too clever and shifty for the foreigner, but the battle was one of the best seen on the coast in a long time.

TELLS OF MONEY CONDITIONS

Morgan Says Interest on Lake Shore Bonds Has to Be Increased.

New York, June 25.—J. P. Morgan discussed money market conditions as a witness at the hearing in connection with the proposed reorganization of the Lake Shore & Michigan Southern with the Central. He defended the proposal of the parent company to issue its four per cent. bonds in exchange for 3½ per cent. bonds of the Lake Shore. Mr. Morgan's firm is fiscal agent for the Central.

"Conditions are now such that the bonds must be placed in the market at the best figure," said Mr. Morgan. "The state of Tennessee," he continued, "wanted \$10,000,000 and could not get it; then they issued one-year notes to that amount, and yet they could not get it. Only Monday they came around trying to sell those notes. Still Tennessee has just as good security as any other state. It is not a matter of security; the money just now is not available. From the case of the state of Tennessee you will find a pretty fair example of the state of the financial market."

The local court is endeavoring to reach the one hundred mark in membership in West Brooklyn and with the progress made during the past year, as a guide to follow, they will reach their goal before many months.

Jasper Risley motored here from Shaws Friday and visited at the W. U. Biggart home.

Have you ever considered the importance of where you take out your insurance and in what company your policy is written in? We'll venture to say that very few have given such a thing a thought and were satisfied that just as long as they had a policy saying they paid such a premium, that they were insured. Well, just so long as you experience no loss that policy is as good as any. But if you have a loss and your claim is turned down by some excuse of a company, what satisfaction have you then in replacing your property? Remember the very best is none too good for anybody and we want you to have only the best. Our relation to you as your bankers makes us interested in seeing that you get the very best and get it at a reasonable price. You will be certain to get the best if you allow our insurance department to write your insurance. Besides rendering you a good service in looking after your interests, we will appreciate your business. Remember, the Henry P. Gehant Banking Co., when you next take up insurance or are renewing your present policy.

Mr. and Mrs. M. J. Bieschke and Arthur Oester motored to Mendota Friday evening in the Bieschke car for an evening visit with friends and acquaintances.

The two main crossings across Main street are now complete and make a very good substitute for the old ones torn away. It seems like living in luxury to tread over the present ones which are built with a flat surface and not oval so that a person had to stick to an incline in order to walk upon the crossing. The rain on Saturday also demonstrated the great benefit which will be derived from the several catch basins which the village has installed upon our streets and will take care of the water for each block through an underground route. These improvements show what a lot of good improvement can be made with a little money used in the right way.

Clarence White motored to Shabbona Friday afternoon to meet his parents.

Faley Bresson was here on business Friday.

MILLS ESTATE IS SMALLER

Appraisal Will Show Value at \$35,000, 000 Instead of \$50,000,000.

New York, June 25.—The appraisal of the estate of Darius Ogden Mills, which has been pending for over three years, is about completed. It shows that although the value of the estate was estimated at \$50,000,000 when Mr. Mills died on January 4, 1910, the gross value will not be over \$36,000,000, and probably about \$35,000,000.

Sailor Ends Life to Avoid Arrest. Savannah, Ga., June 25.—Rather than submit to arrest for leaving his ship without permission, T. Eaton, a seaman of the United States ship Tacoma, killed himself in a public square. When his captors surrounded him, the sailor drew a revolver. "I'll kill myself before I'll return," he cried. The next instant he had pressed the weapon against his breast and fired.

ELISSNER REENGAGED BY ASSEMBLY BOARD

WILL AGAIN HAVE CHARGE OF BATHING AT ROCK RIVER ASSEMBLY.

Bathing will be one of the chief attractions at the Assembly this summer. The beach has been improved and the new bath house has been made attractive and modern. Physical Instructor Henry C. Elissner has been engaged as manager of the beach again this year and he states that he proposes to put several new ideas in force this year that were no a part of the program of last season. Mr. Elissner is one of the most competent swimming instructors in the country and the management is much pleased to have this young man with the Assembly this season.

The bathing place selected for the patrons of the Assembly is safe and free from danger when used with ordinary care.

Patrons of the Assembly should be sure and bring their bathing suit with them, for many hundreds are sure to want to enjoy the splendid bathing when they come and see the beautiful beach and note the modern facilities for bathing.

Thousands took advantage of the beach last summer and it is safe to say that the number of bathers this season will be materially increased.

The new bath house is well lighted and well ventilated, the floors of which are of concrete. A walk extends from the bath house to the water's edge.

Come this year prepared to join the bathers and by all means take advantage of the bathing facilities and be one of the thousands who have learned to swim.

LIGHTHOUSE

Lighthouse, June 23.—Mrs. C. A. Gibson is visiting at the home of her son George in Dixon.

Miss Verna Gates is spending the week at the home of her grandparents, Mr. and Mrs. L. R. Floto.

The Ladies' Aid society will meet at the home of Mrs. Mary Eleaver for a scramble tea next Thursday. Everybody who can do so is invited to attend.

Miss Nettie Malarkey of Chicago has been visiting at the Chris Myers home.

The Ladies' Aid society closed over \$16 at their social on Friday evening.

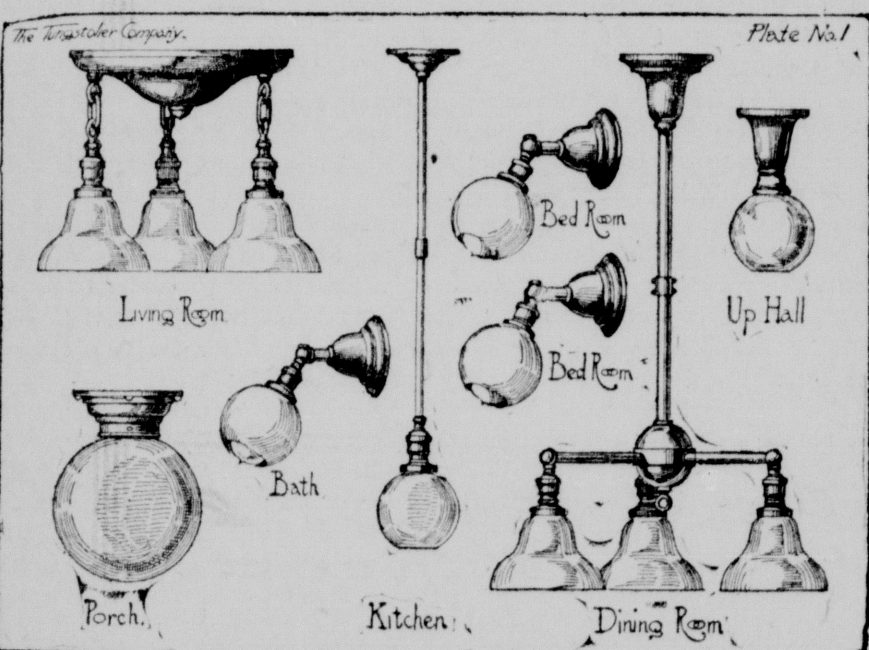

The following farms have been sold recently in this neighborhood: Wm. McKay's, the Chas. March farm, the Hastings farm formerly owned by A. Trostle and the four farms belonging to the Wilson estate.

George Smith came from his home in Iowa to attend the sale of the Wilson farms in Oregon Saturday.

Blind Potatoes.

Everyone knows, of course, that potatoes have eyes, but it may be news that they are sometimes afflicted with blindness. A recent publication of an English agricultural authority makes the assertion that some potatoes are afflicted with blindness, and says the disease is so called on account of its completely destroying the eyes of tubers, making them worthless for seed.

DIXON WATER

FRANCHISE

An Ordinance empowering the Dixon Water Company, a Corporation, to operate a system of water works in the City of Dixon, Illinois. Be It Ordained by the Council of the City of Dixon:

Section 1. That, there is hereby granted to the Dixon Water Company, a Corporation organized under the laws of the State of Illinois, and its assigns, the right and privilege for the term of twenty years from the 18th day of July, A. D. 1913, to supply the City of Dixon, in the County of Lee and State of Illinois, and the citizens thereof, by a system of water works with water for domestic, culinary and manufacturing purposes, and for all other necessary and useful purposes of consumption, and for fire protection subject to the terms and conditions of this ordinance.

Section 2. The said Dixon Water Company, and its assigns, are hereby authorized to maintain and operate said works in the City of Dixon, and to extend and repair aqueducts and pipes through all the streets, avenues, alleys, lanes and public grounds and across any bridge or stream in said City; to erect and maintain all engines, machinery and other appliances necessary for the proper construction of said works, and for supplying said City and the inhabitants thereof, with water and for that purpose, have permission to take up side walks or pavements in any streets, avenues or alleys or public grounds, and make such excavations therein as may be necessary to lay, repair, keep in order, and maintain aqueducts and pipes below the surface of the ground for conveying and distributing said water, provided that said Water Company shall within a reasonable time replace and repair all sidewalks and pavements and shall re-fill all excavations, leaving the said streets, avenues, alleys, lanes or public grounds in as good condition as they were previous to their disturbance, to the full approval and satisfaction of the city officer or officers in charge of said streets, avenues, alleys, lanes and public grounds. In removing pavements or sidewalks and in making excavations, the said Dixon Water Company and its assigns shall suitably guard and protect the same, so as to prevent danger or injury to persons or property by reason thereof, and the said Dixon Water Company, or its assigns shall be liable for all damage occasioned by failure so to reasonably guard and protect persons or property from injury resulting from such removal of pavements or sidewalks, or the making of such excavations as aforesaid; and for any failure to suitably re-fill or replace the same whether done by said Dixon Water Company, its lessees, contractor or sub-contractor in any degree.

Section 3. The water works system now owned and operated in said City of Dixon by the Dixon Water Company shall be maintained in operation up to its present standard, and all repairs, additions and extensions thereto shall be made in the most substantial workmanlike manner. It shall be the duty of said Dixon Water Company to maintain at all times the efficiency of service necessary to supply all water needed by consumers for domestic purposes, and all necessary pressure herein provided for fire protection purposes, and if at any time any failure to furnish such service shall take place, then said Company shall immediately make such changes in pipes and pumping machinery as may be required to make such service effective.

The hydrants now in use for fire protection shall be continued in use under this ordinance, and shall be increased in number only as hereafter directed by the Council of the City of Dixon by its order to be adopted and placed upon the records of said City.

Section 4. RATES ESTABLISHED.—The Dixon Water Company, a Corporation furnishing water to the City of Dixon and its inhabitants, for fire protection, domestic uses and for manufacturing purposes and for other uses and purposes, and its successors and assigns, shall be entitled to charge and receive therefor and for the use of water meters, the rates and prices hereinafter fixed, and no more.

Section 5. PUBLIC SERVICE AND HYDRANT RENTAL.—Said Corporation, its successors and assigns, shall be entitled to charge and receive from the City of Dixon for fire protection and the other

public uses and purposes hereinafter defined and enumerated, an annual rental or rate of thirty-two (32) dollars for each double nozzle fire hydrant now or hereafter to be in use within said City of Dixon, and placed and installed for or under the direction of said City except as otherwise specified herein, such rental to be payable in semi-annual installments on the first days of April and October in each year; provided that it be shown by a certificate signed by the Commissioner of Public Affairs and the Fire Marshal of said City of Dixon that tests of the works of said Corporation, its successors, or assigns, has been made within six months, and that the engines, pipes and works of said Company have been in such condition as to furnish at all times and for any length of time a fire pressure sufficient to throw six (6) fire streams from six (6) fire hydrants chosen by said Commissioner of Public Affairs, each through fifty feet of two and one-half inch hose and one inch nozzle from each hydrant so chosen to a height of one hundred feet, or maintain its equivalent in pressure at the nozzles of the hydrants. Where the works of said Company, its successors or assigns are not shown to be maintained in condition to furnish such fire pressure, the rentals shall be one half of the amount hereinbefore fixed.

The pay for each additional hydrant shall commence when said hydrant is ready for use, and the City notified thereof, and shall continue until the expiration of the period of this franchise unless amended by such future proceedings as shall be permitted by this ordinance. All hydrants now out of repair or unfit for use, and any and all hydrants that may be out of repair or unfit for use at any time during the period of this franchise shall be replaced by the latest improved hydrant by said Company, and payment shall cease for any hydrant out of repair or unfit for use until the same has been replaced by the latest improved hydrant as above specified.

Private Service and Meter Rates.
Said Dixon Water Company, its successors or assigns, shall be entitled to charge and receive for water furnished for domestic uses, manufacturing purposes and other uses and purposes where such water is furnished or measured by meter, the following rates, which shall be in full for water furnished, for rent or use of meter, and for turning on and off water, to-wit:

50 to 300 gallons daily at the rate of 20 cents per 1000 gallons.
300 to 500 gallons daily at the rate of 17 1/2 cents per 1000 gallons.
500 to 1000 gallons daily at the rate of 16 cents per 1000 gallons.
1000 to 3000 gallons daily at the rate of 14 1/2 cents per 1000 gallons.
3000 to 5000 gallons daily at the rate of 12 cents per 1000 gallons.
5000 to 10,000 gallons daily at the rate of 10 cents per 1000 gallons.
10,000 gallons daily and over at the rate of 8 cents per 1000 gallons.

Provided, however, that where two or more meters are owned and controlled by one and the same person in one and the same building, said meters shall be considered and read as one meter, that is, the total number of gallons shown by the reading of all meters in such building shall be paid for at the rate per 1,000 gallons provided herein for such total number of gallons used in said building.

Section 7.—MINIMUM RATE ESTABLISHED.—The minimum meter rate is hereby fixed at the rate of \$4.00 per year, and where water is taken by meter the rates shall be payable semi-annually on or after the end of the six months for which the water is furnished.

Section 8. HOSPITAL SERVICE AND RATES.—Said Dixon Water Company, its successors and assigns, shall furnish water to the Dixon Public Hospital, the Katherine Shaw Betheda Hospital and to all other Public Hospitals now or hereafter erected in the City of Dixon at the rate of 8 cents per 1,000 gallons, but the installation and maintenance of meters shall be paid by said Hospital or Hospitals the same as in the case of private consumers, and payment shall be made upon the same terms as to time as provided herein for private consumers using meters.

Section 9. The City of Dixon shall have the privilege at the end of Five (5) years from the date at which this ordinance shall take effect on July 15th, 1913, of revising the rates which are hereby placed in effect both as to the compensation for the use of hydrants for fire purposes and the use of water for private consumption, and shall have the right to make such changes therein as may be justified by the conditions which may then exist. Said privilege of revising rates shall also exist at the end of any later five year period computing the same from and after July 15th, 1913.

Section 10. The City of Dixon shall have the power to require the said Water Company and its assigns to make extensions of mains whenever the Council of said City shall desire to make such extensions. Not exceeding one-half mile of mains shall be required, however, by said City to be constructed inside of any one year unless said Water Company shall assent to the extension of mains to an increased length during the same year.

Fire hydrants shall be placed upon new extensions at distances of ten hydrants for each mile of pipe.

Section 11.—The City of Dixon reserves to itself the right to acquire by purchase and become the sole owner of said Water Works, including all machinery, mains, pipes, buildings, and all property thereto appertaining at any time after July 15th, 1913, by giving at least six months official notice thereof, by paying therefor the fair, reasonable market value of said property. In case the said Dixon Water Company or its assigns cannot agree with the City of Dixon as to the price to be paid to the said Dixon Water Company or its assigns for the said Water Works, the said Dixon Water Company shall select a competent hydraulic engineer, and the City of Dixon shall also select another competent hydraulic engineer, and the engineers so selected shall select a third person with whom said engineers shall jointly constitute a Board of Three Appraisers to fix a valuation upon said works. In case the said two engineers therein named cannot agree upon a third person then the County Judge of Lee County, Illinois, may make the appointment of said third appraiser. The three persons so determined upon shall fix such valuation, and the said

City of Dixon shall have the right to purchase said works and property thereunto appertaining at such appraised valuation.

Section 12.—In case the Dixon Water Company shall decide that any person or persons or corporations are not using proper precautions to avoid the improper and excessive use of water, then said Company shall have the right to require such persons or corporations to install and maintain a meter and to pay for water under the rules for meter service.

Section 13.—The Dixon Water Company and its assigns shall be required to enlarge the capacity of said works, and to improve the same as follows:

Inside of six months from and after July 18th 1913, the said Dixon Water Company or its assigns shall erect a new boiler of equal capacity to one-half of the present existing boiler capacity of the water works now owned and operated in said City of Dixon by the said Dixon Water Company, and said boiler shall be kept in working condition in addition to the maintenance of the present boiler capacity of said works. The said Dixon Water Company or its assigns inside of six months from and after July 18th, 1913, shall install an additional air-compressing engine which shall be of sufficient capacity to add fifty per cent to the present capacity of air-compressing machinery. Also the said Dixon Water Company or its assigns inside of twelve months from and after July 18th, 1913, shall erect, construct and complete for active operation a steam pump additional to those now in use by said Dixon Water Company in the operation of its water works system in said City of Dixon, and equal in capacity to fifty per cent of the present pumping capacity of said water works.

It shall be the duty of the Dixon Water Company within twelve months from this date to erect such additional reservoir capacity, and to maintain such pressure as may be necessary to furnish at all times a sufficient quantity of water for the requirements of consumers in that portion of the city known as the Peoria Street hill, and adjacent territory.

Section 15.—Furnishing Meters and Payment of Meter Rates.—Such Dixon Water Company, its successors or assigns, shall have the right to furnish water, and consumers shall have the right to take water at meter rates herein provided. Any standard meter which will correctly measure the amount of water used may be installed by consumer. Provided, however, that any meter installed under the provisions of this ordinance which does not correctly measure the amount of water used or consumed, shall be removed at consumer's expense and such consumer shall pay the regular flat rate for all water used or consumed until a meter is installed that will correctly measure the water used. And provided further, that said Dixon Water Company, its successors or assigns, and said City of Dixon shall have the right to inspect any such meter or meters and to make all proper tests of same, from time to time, for the purpose of determining whether such meters correctly measure the amount of water used. And that when any such meter or meters shall be bought and paid for by any such consumer or consumers, the same shall be installed by said Dixon Water Company, or its assigns, at its expense, and free of any cost or charge to such consumer or consumers for the installation thereof.

Section 16.—Water May Be Turned Off if Rent Is Not Paid on Notice.—Where the consumer shall neglect or refuse to pay his bill for water furnished within the time herein fixed, and said Company shall inform such consumer of the amount thereof, it may on fifteen days' notice in writing, turn off the water from such premises and shall not be required to turn on such water for such consumer until the amount due is paid.

Section 17.—Penalty for Collecting More Than Allowed by Ordinance.—Said Company, its successors or assigns, or any officer or agent or employee thereof, charging or collecting for water furnished a greater rate than hereinbefore fixed, shall be subject to a fine of not less than ten dollars nor more than one hundred dollars for each offense.

Section 17 (a). Sprinkling Allowed, When.—It shall be lawful to any consumer or consumers of water under the terms of this ordinance to use water for sprinkling purposes from the hour of five o'clock p. m., to eight o'clock p. m., and from the hour of six o'clock a. m. to the hour of eight o'clock a. m.

Section 18.—Carrying Water to Curb Line.—In all cases where said Water Company shall be called upon

to furnish water upon the application of any person, the Water Company shall construct the connecting pipe from the main to the curb line of the street, at the expense of said Water Company, and all remaining pipe required shall be laid at cost of the consumer.

Section 19.—Quality of Water Furnished.—Said Dixon Water Company or its assigns shall furnish water in sufficient quantities to give a constant supply day and night, which shall be equal in quality to that now furnished by said Dixon Water Company in the operation of its present water works system in said City of Dixon.

Section 20.—This ordinance shall become binding as a contract between the City of Dixon, Illinois, and the said Water Works Company and its assigns upon the filing with the City Clerk of said City, a written acceptance thereof, by said Dixon Water Company or its assigns, provided the same is done within thirty days from the passage and publication of this ordinance.

Section 21.—All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed. Passed this 26th day of May, A. D. 1913.

Approved by me this 31st day of May, A. D. 1912

Battle of the Flowers in London.
London, June 25.—London, as well as more than 500 towns in the United Kingdom, today is engaged in a "battle of the flowers." The "battle" was arranged in connection with "Alexandra day," and is estimated that 20,000,000 blossoms are being tossed about the streets of London. Queen Alexandra took a keen personal interest in the preparations for the event and selected the wild rose as the official emblem of the day. Women of the nobility are selling flowers on the streets and the proceeds will go to charity.

Engine, Forgot Water.
Primitive methods of railroad traveling may still be experienced in Switzerland. The other day while a train was making a trip from Payerne to Fribourg, the engine would not move after Lechelle, the first stop, and the engineer discovered that he had forgotten to take in water. Aided by the guard, the stationmaster, and several travelers, who were armed with buckets, a small quantity of water was obtained from the village fountain, and poured into the reservoir of the tender. The train then got started, but on arriving at the next station, the same proceeding had to be repeated. However, at the third stop, when the engineer again asked for water the passengers became angry and refused to help. The engine also struck work, its machinery being overheated, and another locomotive had ultimately to be telegraphed for. —Montreal Herald.

END OF WONDERFUL GUN

Did Its Duty to the Finish But the Strain Was More Than It Could Bear and Survive.

Not long ago an ex-governor of Michigan, a Cleveland capitalist, and several friends were in the big woods near Turtle Lake, guided by Sam Sampson, a famous hunter and trapper. Same possesses a gun with a barrel five feet long, but once, according to his story, he had a still longer one.

"It was a wonderful gun," he said to the ex-governor. "I could kill a bar as far off as I could see 'im, and that gun was as knowing as a man. If it hadn't been for that, it would never have busted."

"How did you break it?" asked one of the hunters.

"I strained it to death," said the old guide soberly. "I was out hunting one day when I seen a buck and seven does a-standing close onto me. I pulled up old Beetle—that's what I called th' gun—and was jest g'n' a' let go when I heard an awful funny noise over my head."

"I looked up 'n' there was more'n ten million wild geese a-sailin' over me. There I was in a predicament. I wanted th' geese 'n' I wanted the deer.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of Vitrified Tile Pipe Sewer with manholes and house connection laterals and catch basins with 10" storm water connection and traps to manholes on Monroe Avenue from the manhole in First Street to 225 feet south of Second Street, in the City of Dixon, in the County of Lee and State of Illinois, as provided for in Local Improvement Ordinance No. 147, Series of 1913, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's Office of said City of Dixon, until two o'clock in the afternoon on Tuesday, the 8th day of July, A. D. 1913, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at two o'clock in the afternoon on said day. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours above referred to said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is the construction of about 552 cubic yards of excavation and backfill; about 308 linear feet of 6" laterals; about 520 linear feet of 8" sewer pipe; two manholes, 3 feet inside; with cast iron covers and iron steps inside, complete; as provided for in Local Improvement Ordinance No. 147, Series of 1913, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until the bids have been canvassed and contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of One Thousand (1,000) Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements, and Council of the City of Dixon, bonds to draw interest at five per cent. No bids will be considered unless the party making it shall furnish evidence satisfactory to the said Board of Local Improvements and the Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file with the Secretary of the Board of Local Improvements and may be seen at the office of the City Clerk of the City of Dixon, and are also on file in the Mayor's Office of said City.

The Council and the Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, June 25, 1913.

Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

By MARK C. KELLER, Their Attorney.

PLAN TO REVISE BILL

CURRENCY MEASURE TO UNDERGO IMPORTANT CHANGES.

Criticism Directed Against Proposal to Create New Kind of Paper Money.

Washington, June 25.—The currency bill is to undergo some important changes before it is pushed for action in either the house or the senate, although the measure will be introduced in both houses virtually in the same form in which it recently was made public by Representative Glass.

The provision for the retirement of national bank notes and the refunding of two per cent. government bonds with a three per cent. issue is to be put back into the measure later, it is understood. This provision was in the bill before the final conference at the White House, but was taken out because of the opposition of Secretary Bryan and others.

Much of the criticism against the measure among members of both houses, since its terms became public, has been directed at the proposal to create a new kind of paper currency without withdrawing the national bank notes or providing against a depreciation in value of the two per cent. government bonds that secure these notes. It is said now that this objection has become so strong as to convince administration leaders the provision must be restored if the bill is to pass.

Chairman Glass and Democratic members of the house currency committee, at a conference, agreed to undertake individually to "sound out" impartial bankers, business men, experts and students of financial affairs, to ascertain how the provisions of the Glass bill are regarded by that part of the public which will be most directly affected by monetary changes. Members of the senate committee on banking and currency, Democrats and Republicans, will meet President Wilson at the White House tonight for their first discussion of the new measure with him.

SAFE WAY TO CARRY SKUNKS

John Burroughs is Authority for This.
If Any One Cares to Try Some-
what Rash Experiment.

"There is a saying among country
folk that a skunk can be safely car-
ried by the tail, a saying that some
naturalists deny," says Julian Bur-
roughs, in telling of his boyhood days
with his father, John Burroughs, in
the Craftsman. "Father determined
to try the question for himself, his
courage being equal to the task.
Every time that I caught a skunk
about the house I let father have a
try at him. First, we carefully shut
up the dog, much to the latter's dis-
gust; then the skunk was gently
lifted on a pole and dropped into an
empty barrel, the trap being opened
over the edge to liberate him. In a
few minutes, or as soon as the skunk
had become used to the barrel, father
would reach in, clasp him firmly by
his plumed tail and then raise him
aloft, always being careful not to let
the animal get his front feet on any
near object. This we repeated over
and over without any accident, prov-
ing without doubt that the skunks of
Ulster county, at least, can be safely
carried by their tails."

Here we are again with
a new series of stock.
